Product highlights

800 DPI accurate reactions

With 800DPI, this mouse provides accurate reactions. The cursor will move exactly where you want it. It's all thanks to the high-definition optical sensor that registers even the smallest movements. Giving you complete cursor control.

A natural fit, for any hand

The universal size of this mouse makes it comfortable for hands of every shape and size. Thanks to the mouse's natural curve, which is easy for every hand to adapt to. At last a mouse that feels more comfortable and makes work more enjoyable.
